Road Rash (CD Edition), a racing game released in 1996 by Electronic Arts. The game was released on CD for Sega CD, 3DO, PlayStation, Sega Saturn and PC. In Road Rash, the player controls a bike that races on roads, streets, and various locations, including different zones (for example, desert, mountains, jungle, and others). The player must score the most points by killing other racers on the track. A joystick is chosen for control, as in the first game of the Road Rash series, released in 1989. The player can also control with the keyboard, and in "free roam" mode with the mouse. fffad4f19a
