ISBN-13: 978-3-11-088398-9 e-ISBN: 978-3-11-088399-6 www.openrightsgroup.org. The most common meaning of corona is "crown". The Romans could think of a "crown" as a symbol of a king, emperor, queen, or general. This indicates that we should know by now that Coronado 13 is a book with a narrative. As an author, Coronado chose to put his books in a particular genre, which is that of classical narrative. Eminent Person: Coronado's books are historically important as they detail the writings of the culture of the Spanish people and their encounters with other cultures. For instance, his book 'El Prado de las Donas', which is about women, details all that he believes to be important facts for women's lives. This book was in contrast to those of the time that were only about what men experienced. The knowledge about all of these things was basically a secret and the kind of things that were known by the members of the upper class were not known by the poor. Coronado's writings are important because they detail the life of the people of the Spanish culture. Many of the things he wrote were important facts to the life of the American people today. He mentions many of the things that can be applied today to the life of the American people. For instance, he mentions how to shave beards, which is something that is a part of today's life. Therefore, it is his books that are important to us because they can be used by us today. It is great that Coronado wrote his books because it can teach us about the culture of the Spanish, a culture that was a powerful culture that had much influence and impact on the Spanish people. His books are important because it's a chance for us to get to know more about the past, which will help us to understand more about our present. "The public is not a private company" Tito Nathan, the author of Erasing the Borders between the Private and the Public, defines the public as something that is open to the public, something that is exposed to the people, and something that is something that is accessible and reachable. This definition of the public has some different definitions, but it has the idea of showing the audience things that they can be interested in. Tito

Nathan explains that there are things that are not for
