Adam Mansbach, "Chicken Soup for the Soul": What It Means to Wear a Blue Suede Jacket I don't know much about Adam Mansbach, but he has a line of soup that's popular amongst my old college peers. I'm pretty sure that a couple of my favorite books are chicken soup for the soul because, as a once-poor girl from the South Side of Chicago, I used to break into my cousin's pantry and lick the bottom of a jar of Hormel chili sauce, just to get at that little bit of extra salt and pepper. "Chicken Soup for the Soul," in the words of its author, has sold more than 100 million copies. One of its most successful titles, "Chicken Soup for the Jewish Soul," was written by Rabbi David Schwartz, and it's also in the top-ten bestselling book of all time in the United States. And guess who else is selling chicken soup for the soul? Yep. Chicken soup. What exactly is this chicken soup? For starters, it's a book by a man named Adam Mansbach, and according to the author, it's just one more chicken soup—albeit a fancier kind. "We don't know why we like chicken soup," he said. "We just do. I believe we like it

In early 1709, Nostradamus received a letter from his friend, a doctor from the Salon. He wrote that in July a strange man from Poitou (a region in northwestern France) arrived in their city, who claimed to be Nostradamus. His goal was to get to one of the royal advisers, who gave him the nickname "The Stranger". fffad4f19a
