First he has to redshirt, and then take a year to adjust. That's a long time to sit and not play. I'll be patient and if he continues to progress as I expect, then I'll be happy to see him come in next year. Great to see his play. Nice to see him gain ground on Perry and Alfred getting snaps. I still have my doubts about this kid. I know he's a better athlete than he showed last year and that's what we need on the DL. I also think his work ethic/motivation will be questioned at times, but he's still a project. I'm not saying he's the answer, just that he's a great addition to the team. I'm not sold on his athleticism. It seems like he's more gifted than he is an athlete. A case could be made for him being a 3-4 OLB, but I think he's more than that. Originally posted by Ducky2:
