Jun 17, 2010 NOTE: WE HAVE NOW SUPPORTED THE 32 BIT VERSION OF MAC OS (MAC OS X VERSION 10.6.8 OR LATER), ON THIS VERSION OF THE PROGRAM (PRISM 6.0.1), YOUR SERIAL NUMBER WONT BE PRINTED. THERE IS NO DEFAULT EDITOR SETUP, YOU MUST ALTER THE APP.XML FILE. Oct 9, 2013 Prism 6.07 is an update for Prism 6.06, so please run this command: prism64 --update (Windows). May 23, 2016 GraphPad Prism 6 can now open script files with a serial number in the filename. Dec 13, 2013 GraphPad Prism 6 already created the path to the Serial Number file by looking at the App.xml file. Once the current Prism version was installed you could manually alter the path to the serial number file in the App.xml file. At this time, Prism 6.07 is creating the serial number file from the App.xml file using the information stored there. GraphPad Prism 6: serial number detection How to use Prism 6 activation code to access online training. Will no longer need serial number to use online training. GPCP ActCode Link Serial number detection works by analyzing the ActCode for consistency. If it does not, it will search in the App.xml file for other information like the machine name, or the machine ID. Both locations are well documented in the Prism 6: user guide. Serial Number Detection Guide The serial number in Prism is the unique number for the license. It is associated with the license file (referenced in the file name of the license file). The serial number is created when the Prism license file is created and is not editable. Licensing with Prism With Prism, you license your program once to purchase the valid code, and can run it for as long as you need, without ever having to re-license the program. When using a single user license, the serial number is created when the license file is created in the directory 3ef4e8ef8d
