The CL-CD100 is an ideal stand-alone DVD player, with no  
hard-drive or built-in recorder. To do this you need to make  
sure you have the correct input connected in the control  
panel, and make sure that you have the PC hooked up to the  
same monitor that's connected to the consumer electronics  
receiver. Or you can download the free SWVST software to  
program buttons for the control panel. Please try a different  
version or language
