He is the founder of Sigil Press, an independent publishing house based in San Francisco, where he works with writers on their craft in order to make their stories a better read. His debut title, A Million Blind Spots, was named an Indie Next List Recommended Read and earned an Indie Excellence Award. Tom Luddy "I'm one of those rare people who has enough faith in a work of fiction to believe that it will do the work it is supposed to do, and more -- to the extent it can be made to do this, it will open minds and transform people, if it has not already done so.
