January 1, 2020 - In game, you write scripts for bots to control their every move in combat. Since your bots are automated, they can work even with your . Starting January 1, 2020, in the game room in the game, you can write scripts for bots to control their every move in battle. These "control" scripts can be both in Russian and in English - for different players. If there are several players in the game, then you can use the same script to control the actions of all at once. To write a script, go to the menu Game â†’ Setting - Settings â†’ Game Scripts and select the desired script from the list. How to write game scripts in
