FIFA recognizes these features for “animation real-time processing”. This new generation physics system delivers gameplay that delivers the truest-to-life player movements and tackles. “FIFA’s research and development team have been working at the highest level of sophistication, and the result is an exciting feature for every player,” said Alex Hunter, FIFA 22’s gameplay lead. FIFA 22 gameplay introduces “skills” that have previously only been seen in real-life. These include teammates sensing when you are going to tackle and sprinting forward to attempt to stop you from winning the ball. “This is the kind of realism that we only see in FIFA’s best-selling series,” added Hunter. “We have brought every detail of real life into FIFA, and FIFA 22 has seen the most innovative and fun gameplay to date.” FIFA 20 continues to enjoy global success, having recently reached the milestone of 10 million units sold on PlayStation 4 in only five months of release. This success has been reinforced by the recent FUT season end and all FIFA Ultimate Team products. Please join us on Facebook ( and Twitter (@fifa) to discuss the development of FIFA 22 and discover more features on the upcoming release. About FIFA FIFA (the world’s leading sports video game brand and the best-selling sports series of all time) has developed a strong and dedicated community of loyal and passionate players around the world since the first FIFA title was launched for the SNES in 1991. FIFA games have since then sold over 370 million copies worldwide and spawned a variety of spin-off products around the football genre. Today, FIFA is available for the PC, PS4, PS3, Xbox One, Xbox 360, Nintendo Switch, Wii U, PlayStation Vita, 3DS, PS4 and mobile. About Electronic Arts Electronic Arts (NASDAQ:EA) is a global leader in digital interactive entertainment. The Company delivers games, content and communities for Internet-connected consoles, mobile devices, personal computers and the World Wide Web. FIFA is the world’s leading video game brand with the biggest audience. This is our moment to deliver a game that makes you feel like a football superstar. FIFA has always been at the forefront of innovation, and with FIFA 22 that will continue. It will be the best football game ever made, featuring all the brilliant game innovations that we’ve been building since the very beginning. Instant ID Everyone from the pros to the academy can now play and start sharing their ID. This provides massive benefits for the community because they can search in profiles for players of a higher level and they can even create custom players for tournaments and leagues. Customise how you want, as quickly as you want and as simply as you want! World Class Broadcast Engine We decided to make this game the most spectacular ever. We pushed to create a world-class broadcast engine to make the live matches as exciting as possible, and provide the most accurate visuals and sounds to the audience. Every player, every action and every goal is already captured in 4k, and will be ultra-realistic with all of the expected FIFA features. More FUT Champions in FIFA 22 FIFA has always been the game to play if you want to compete on the biggest stage. Now, by collecting your FUT Champions, you will be able to take part in more live matches than ever before, and even more opportunities to watch your friends compete and even win the prize money. FIFA 22 - Tactical First Person View We started work on first person view about a year before launch. This was a vital step in getting the greatest game to date right in terms of how players feel in the game. In FIFA 22, you’ll be able to play a true tactical game and become part of the action, always at your finger tips. We started work on first person view about a year before launch. Sportsclub Manager FIFA 22 by EA SPORTS The best FIFA on the market is no accident. Crafted by the world's leading sports video game studio, FIFA is a game that has earned a global reputation for its immersive realism and its deep gameplay, making it the best selling sports game of all time. With the top-rated virtual player Lionel Messi, and more than 700,000,000 units sold across platforms in the last 10 years, EA SPORTS FIFA, Powered by EA SPORTS, is able to create realistic environments, tactics and moments to perfectly match the real sport. FIFA has also expanded to a range of platforms including consoles, handheld devices, smartphones, tablets, computers and VR, putting the game in the hands of gamers of all age groups and abilities. FIFA offers enhanced authentic entertainment with dynamic social features like Ping for real-time player stats and Upload and Earn for sharing game highlights, including live scores and replays. FIFA is the Most Popular Sports Game FIFA 22 by EA SPORTS With FIFA, the fans are in control. The FIFA interactive community is the driving force behind many of the features and innovations, such as the Global Transfer Window, Ultimate Team, Player Ratings, Skill Games, Challenge Matches, World Cup and international tournaments, where they can interact with the world of football. RUGBAG: A New FIFA Shhhh. RUGBAG on FIFA 22 by EA SPORTS In FIFA 22, we wanted to give our fans more ways to express themselves, so we created RUGBAG, our own soccer version of the social media craze, Snapchat. Now, RUGBAG - the nickname for EA SPORTS FIFA 22 - is available to download via Xbox Live and Origin for Xbox 360, and PlayStation Network for PlayStation 3 and 4. RUGBAG brings player personalities from within the world of FIFA even closer to the game so that players can swap digital objects (also called RUGBAG) with their soccer friends. RUGBAG cards capture player's unique on-field personalities and allow players to show their personality off with the features that best suit them. Players can "Score" to earn RUGBAG cards, transfer them to friends, or sell them into the in-game market. The more RUGBAG the player earns in-game, the more they earn in microtransactions by selling them to friends or the marketplace. FIFA Interactive Community
