What is MUGEN? MUGEN is a fighting game based on the characters from KOF made especially for mobile devices, and available on Apple, Android and Windows Mobile devices, including PCs and tablets. It uses the IAP cloud system, meaning that you only pay for games that you play. With MUGEN you can play anytime, anywhere, on any device.

Download MUGEN. Â The King of Fighters, known in Japan as The King of Fighters '98, is the third installment in SNK's long-running SNK Vs. series of fighting games. It was released for the Neo Geo in North America by Acclaim Entertainment in 1999. It is the first installment in the series since the very first King of Fighters where the roster consisted of characters from SNK's preceding game, Fatal Fury 2 (which like KOF '98 is SNK vs. SNK). The game retains many of the same features from Fatal Fury 2, including the library of characters, the tag team matches and a new third person perspective. This is a story about the birth of MUGEN,

a new fighting game engine built by SNK
